Food Service

Punti di forza

Una gamma
di oltre 30 referenze

Verdure al naturale, miscele per minestroni, contorni
grigliati, verdure pastellate, mix di verdure in busta
microondabile, aromi

Completo controllo
della filiera

Assistenza ai produttori agricoli, studio delle migliori
varietà di sementi, controllo periodico della coltura,
raccolta al grado di maturazione ottimale

Migliori aree di
produzione

Scelte in base alle caratteristiche del terreno
e del clima, privilegio delle zone con miglior
vocazione agricola

Agricoltura
integrata

Pratiche agricole rispettose dell'ambiente per
un prodotto finito a tutela della salute e del
benessere alimentare del consumatore

Garanzia di
qualità costante

Gli ortaggi vengono lavorati e surgelati in
poche ore per preservarne tutto il gusto e
le proprietà organolettiche e nutritive

Scopo di Fruttagel dare valore a tutti gli
stadi della filiera agroindustriale per
garantire più qualità del prodotto dalla
semina, alla lavorazione,
alla distribuzione

Benefits

- A range with more than 30 products *plain vegetables, minestrone mixes, roasted vegetables, battered vegetables, vegetable mixes packed in bags suitable for microwave oven, spices*
- A fully controlled production chain support to farmers, selection of the best seed varieties, crop periodic check, harvesting at the best stage of ripening
- Selection of the best production areas according to soil and climate conditions, preference for areas with strong agricultural vocation
- Integrated pest management farming (IPM) environment-friendly farming techniques in order to provide consumers with healthy and safe food
- Constantly guaranteed quality vegetables are processed and frozen in a few hours to maintain their taste and all their nutritional and organoleptic properties

Fruttagel aim is to add value to all the stages of
agro-industrial production chain and guarantee better
product quality from sowing to processing and distribution
